All Critics (46) | Top Critics (18) | Fresh (45) | Rotten (1)

It may well be that in the end, as in *Lost*, there are just too many stray threads to tie up. But whether or not the makers manage to nail the landing, it's quite the routine.

As gonzo as the new season is, it never loses touch with what the show is about: coping with unbearable loss.

There's still something about this program that can't be put into words. There's something almost religious about in the way you just need to see it, feel it, and believe.

Between the prospect of a definitive ending, the looming fear of catastrophe, and the continually exceptional performances, it's bravura television that somehow follows the model of earlier seasons while subverting expectations.
